

Try Something New and Powerful

Workshops Introducing Lessons Learned from Horses!

2019 Fall Workshops Now Open
Space is Limited, Sign up Now!

The Connected Horse Program was developed from research conducted at Stanford University & the University of CA, Davis. The program is a shared experience introducing horses to people living with early stage dementia with their care partners.

Connected Horse is excited to expand its powerful evidence based, workshops with horses to benefit people with early stage dementia and their care partners.

- Workshops are 2.5 hours, once a week for 4 weeks.
- No prior experience with horses is necessary to participate.
- Participants will be engaging with horses from the ground, no riding.
- All participants must be ambulatory and willing to participate together.
- There is no fee to participate, and donations accepted.
