

# Fall 2018 Workshops

Space is Limited - Sign Up Now!

The Connected Horse Program, based on research conducted at UC Davis and Stanford Universities, is a shared experience introducing horses to people living with early stage dementia and their care partners.

*"relax and just enjoy a new experience together"*

*... Care Partner*

**Connected Horse** is excited to expand its powerful **Workshops with Horses and Humans** to benefit people with early stage dementia and their care partners.

- Workshops are 2.5 hours, once a week for 4-5 weeks.
- No prior experience with horses is necessary to participate.
- Participants will be engaging with horses from the ground, no riding.
- All participants must be ambulatory and willing to participate together.
- There is no fee to participate, donations accepted.

*"This was a life changing experience that gave me hope just when I really needed it"*

*... Care Partner*
